Perform necessary work to maintain repair and improve machinery, equipment and facilities, including, but not limited to; electrical work; welding; teardown and assembly; gas, water or other pipeline work, machining and carpentry work. Perform set up, operate, troubleshoot, clean, maintain, and make repairs to manufacturing equipment to achieve safety, quality and production standards while following procedures and standard work documentation.

Duties and Responsibilities

- Support manufacturing in maintenance of equipment, machinery and facilities.
- Prioritize the maintenance and repair of equipment in order to reduce downtime.
- Perform Preventative Maintenance tasks and suggest improvements.
- Observe and test the operation of machinery and equipment in order to diagnose malfunctions, using voltmeters, pressure gauges, heat sensors, observing load cells, strain gauges, and other testing and measurement devices.
- Diagnose equipment for mechanical and software problems.
- Work with technicians and engineers to troubleshoot and implement mechanical/maintenance solutions.
- Operate newly repaired machinery and equipment to verify suitability of repairs.
- Engage in and support lean and continuous improvement activities.
- Support leadership with safety programs, policies and guidelines to ensure safe, orderly and clean working conditions.
- Embrace and comply with safety protocols, i.e. LOTO, Arc Flash, use of PPE, etc.
- Comply with company policies and procedures
- Other duties as assigned

Supervisor Responsibilities:

- The job has no supervisory responsibilities

Education, Certifications & Qualifications:

- A.A. Degree or Technical Trades Education.
- A minimum of 5 years' experience performing and/or assisting others in the mechanical or electrical trades.
- Possess a valid driver's license
- Maintain license/training to operate forklift truck
- Proven repair experience of electric motors, generators, pumps, pressure systems, water systems, HVAC and other equipment and systems found in manufacturing facilities.
- Will need own hand tools, special tools will be provided by the company

Knowledge, Skills and Abilities

- Ability to respond quickly and efficiently to machine/equipment breakdowns without compromising safety or quality.
- Ability to coordinate and coach equipment operators with respect to machine operation and maintenance.
- Ability to work with a high sense of urgency and under deadlines with shifting priorities.
- Proven experience with accepted practices, processes, materials, and tools of the maintenance trades.

Hexagon Lincoln provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, affiliation, national origin, age, disability or genetics.

HEXAGON

- Knowledge of the servicing and maintenance of simple power, heating, and cooling units.
- Knowledge of the occupational hazards and safety precautions of building maintenance trades.
- Experience in routine mechanical or electrical maintenance and care for tools and equipment.
- Ability to work from sketches, drawings, and blueprints.
- Ability to use test and measurement equipment for flow, pressure, current, voltage, and dimensional analysis.
- Ability to maintain records regarding material, equipment, and repairs.
- Ability to perform basic calculations and conversions.
- Knowledge of PLC control and simple control circuitry, with the ability to revise and maintain such systems
- Knowledge of hazardous waste handling.
- Above average knowledge with Microsoft Windows and Office Suite

Physical Demand & Work Environment:

- The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
- While performing the duties of this job, the employee is frequently required to stand for long periods of time on the production floor and use hands to finger, handle, or feel. The employee is moderately required to stand, walk, reach with hands and arms; stoop, kneel or crouch; talk and hear. The employee may regularly lift and/or move up to 60 pounds and occasionally lift up to 120 pounds with team lift assistance.
